Friday, February 21, 2014

Mr. FARR. Mr. Speaker, I rise today to recognize the exemplary work of Dominic Jarvis, an Australian student who has done excellent work in my office through the well established Uni-Capitol Washington Internship Programme. Dominic came to us as an Environmental Studies student from Griffith University in Queensland, Australia. A self proclaimed "pragmatic advocate in social equity and justice, environmental conservation, peace and democracy" he has been a fantastic attribute to our office here and has worked hard on the issues most important to the constituents of the Central Coast. Dominic's undeniable passion for green policy and environmentally friendly politics has been a pleasure to witness in the workplace.

We have had the opportunity to host students through this program for many years and Dominic has done well to uphold the high caliber of work that we have come to expect from these international students. The Uni-

Capitol Internship Program has done an outstanding job in providing an opportunity for political and cultural immersion for over 140 students in its 15 years of garnering cross-cultural connections and I am very proud to have been a participant in this fantastic exchange both this year and in the past. I would like to recognize the importance of these programs in creating stronger multi-cultural ties and better relationships between nations at all levels.

Mr. Speaker, Dominic has been an outstanding ambassador of Australian culture and academic prowess. He is a pleasure to have in the office and executes his duties in such a cheerful and effective manner that I am sure his absence will be stark when he returns to Australia to complete his academic pursuits. I thank him once again for the time he has spent working in our office and the mark he has left on my staff, my district, and myself.
